Inspired by the angular geometry and minimalist monochromatic colour pallet of the mid-century brutalist movement, Pere basins complement any contemporary interior. The Pere round basin offers a generous size wash basin while compact enough to suit most modern vanities.

The Pere round is available for order in solid surface white with a chrome pop-up plug and waste or optional matching solid surface white waste cap. Pere round can be mounted above counter or semi-inset and is available with Omvivo Softskin finishes. See Pere round above counter basin and Softskin specification sheets for more information.
