

- Exclusive, elegant design
- Made of KALDEWEI steel enamel
- Waste cover integrated almost flush into the shower surface
(only in combination with the KA 90 waste fittings)

Mod. -5

Technical drawing of a rectangular sink (Mod. -5) showing dimensions and views. The main view is a top-down perspective of the sink, showing a rectangular basin with rounded corners. Dimensions are indicated: $a1$ (total width), $a5$ (inner width), $b1$ (total depth), $b5$ (inner depth), $f2$ (distance from left edge to center of drain), $f3$ (distance from top edge to center of drain), $e5$ (distance from bottom edge to center of drain), $e10$ (distance from right edge to center of drain), $c1$ (distance from left edge to front lip), $c4$ (distance from front lip to back lip), and $c16$ (distance from back lip to right edge). A side view shows the profile of the sink, indicating the height of the front lip ($f9$) and the back lip ($f10$). Two inset views show the drain: a circular drain with a grid pattern (left) and a rectangular drain with a grid pattern (right).
